SEOUL, May 27 (Reuters) - North Korea's foreign ministry has criticised the U.S. [Golden Dome](#) missile defense shield project as a "very dangerous threatening initiative", state media said on Tuesday.

U.S. President [Donald Trump](#) on May 20 said he had picked a design for the Golden Dome missile defense system and named a leader of the ambitious \$175 billion program.

The [aim](#) is for Golden Dome to leverage a network of hundreds of satellites circling the globe with sophisticated sensors and interceptors to knock out incoming enemy missiles after they lift off from countries like China, Iran, North Korea or Russia. China last week said it is "[seriously concerned](#)" about the project and called for Washington to abandon its development.
